ZUKISA ERIC MAZA

Software Developer & CyberSecurity

About Me

First and Foremost, I love writing code. Ever since writing my first program in Python and manipulating it to produce a desired output, I have been obsessed with the idea of using software to solve practical problems.

I am passionate about developing complex applications that solve real-world problems impacting millions of users.

Experience

Umuzi Photo Club
Johannesburg - Gauteng
2019 - 2021
Worked on three web applications targeting customers, selling vendors, and admin users; built 50+ RESTful APIs with functionalities such as login/sign up, view a product, add a product to cart.

Robertson & Caine
Century City - Western Cape
2022 - 2023
As a storeman at Robertson and Caine's electricity store for cruises, I am responsible for managing inventory, ensuring efficient operations, and providing exceptional customer service to meet the unique needs of our clients in the maritime industry.

UCT/GSB Solution Space
Phillipi Village - Western Cape
2023 - 2023
Devised a customized recursion algorithm to extend the functionality of the current environment to a multi-robot and multi-system environment.

Life Choices Academy
Claremont - Western Cape
2023 - Present
Delivered a solution for a POC involving Automatic Financial Document Classifier using Natural Language Processing and Support Vector.

Education

Umuzi Academy
Information Technology System Development
2019 - 2020

Sophumelela Secondary School
Matric Certificate
2013 - 2017
